Mr. Scott Priz,

I would like to thank you for the great work you did in investigating the problem with our experience modification rating. Your discovery of errors as well as insurance companies failures to submit data to NCCI were critical to our company's ability to continue to do construction work on federal projects.

We appreciate your persistence in working with the different insurance companies to make sure the corrected data was submitted to NCCI and then working with our current insurance company to follow up and get the revised EMR's.

In addition, your work was done very efficiently making the overall value of your services extraordinary.

Thank you for doing a great job. Please feel free to use me as a reference.

Sincerely,

A handwritten signature in black ink that reads "C. Oaks".
